Summer on the Lake

The Coast Guard has a long tradition of saving lives on the water but there are many other ways you can serve. For those who want to be a part of the team this summer but do not want to be on the boats there is the ground crew. We need people to man the radios, give out leaflets and be dock walkers.

If you feel you need a little time and training that's OK, you can show your support just by showing up and bringing a smile. As always we will be patrolling Lake Silverwood and Lake Perris this summer, we look forward to seeing you all there.

Mandated Member Training

Denver Drieberg the Flotilla Vice Commander would like to remind all members of the flotilla that it is important for all members to complete their mandatory training. Failure to complete training will bar you from all C schools.

Communications Training

In preparation for the coming year the district communications officer will be running four Auxiliary Telecommunications Operator (TCO) courses. These courses will be held on April 22, April 29, May 6 and May 13, at the Corona Odd fellows Lodge. Classes start at 9a.m.
